Passionate, principled leaders are needed at the forefront of contemporary challenges in higher education.

Our biblical and values-driven approach to leadership allows students to follow their passion to impact others, while maintaining their integrity and enriching their leadership skills at the same time.

The exploration of faith and learning in a Christ-centered academic environment equips our graduates to make a lasting impact on students and fellow colleagues. Drawing on an interdisciplinary foundation, the program provides an advanced understanding of the skills necessary to lead effectively on a college or university campus and support the institution’s mission and vision.

“...whoever wants to become great among you must be your servant.”
Matthew 20:26
